Installation de KeePassXC pour Windows KeePassXC installation for Windows

Téléchargez le logiciel d'installation à <https://keepassxc.org/download/>
Download installation software at <https://keepassxc.org/download/>

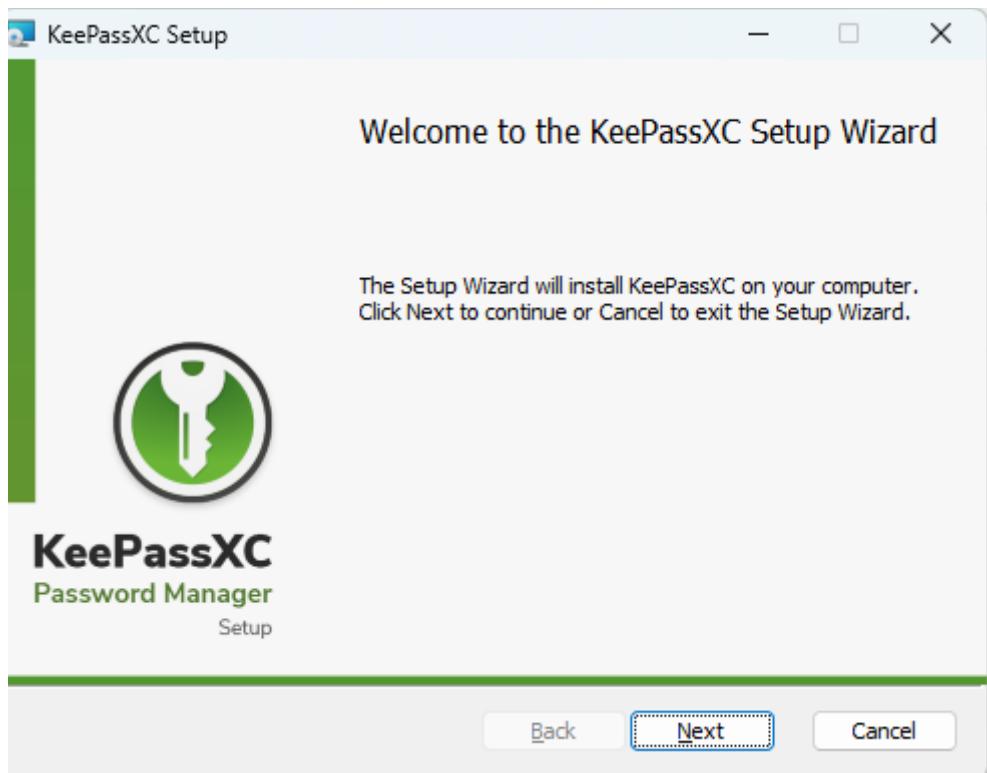

The screenshot shows the KeePassXC website's download section for Windows. At the top, there's a navigation bar with links for Download, Blog, Screenshots, Docs / FAQ, and The Team. Below that is a horizontal menu with options for MACOS, WINDOWS (which is underlined), LINUX, SOURCE CODE, and BROWSER EXTENSION. The main content area is titled "KeePassXC for Windows 10 / 11" and features a sub-headline: "Keep your passwords safe on the computer you trust. No clouds. No 3rd parties." A prominent green button labeled "DOWNLOAD FOR WINDOWS" with a downward arrow icon is centered. Below it, text indicates "Version 2.7.10 – Older Releases" and "Requires MSVC Redistributable". At the bottom of the page, there are links for PGP Signature, SHA-256 Digest, and Verifying Signatures.

Exécutez le fichier msi
Execute the .msi file

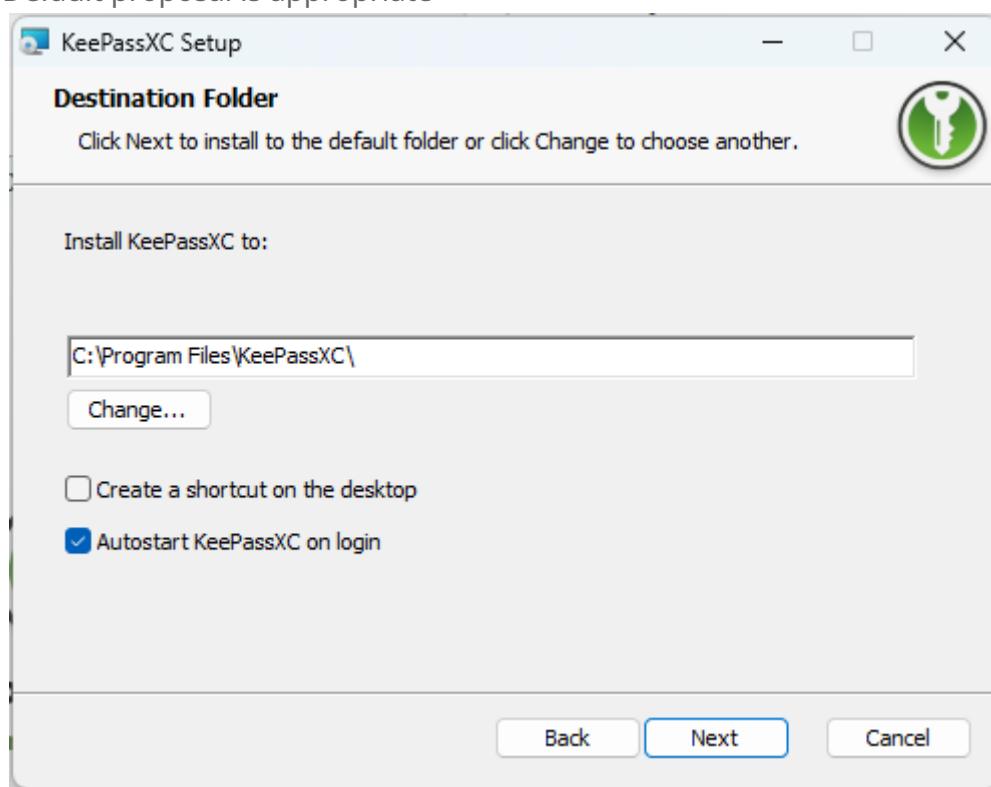

The screenshot shows a web browser window with the URL "keepassxc.org/download/#windows". A download progress bar is visible, indicating a file named "KeePassXC-2.7.10-Win64.msi" has been downloaded successfully ("Terminé — 33,3 Mo"). Below the progress bar, there's a link to "Afficher tous les téléchargements" (View all downloads).
